

# Flexible Financing for your Technology needs!

**ioX-Connect®**

Today's growing businesses require simple financing options customized to fit your needs.

## Benefits:

- **Low or no upfront costs** — No CAPITAL outlay. Preserve Cash. Utilize OP-EX budget.
- Bundle soft costs and hardware for Lifecycle management.
- **12 to 60 month terms** — Provides you the lease terms you need.
- Protection against Obsolescence.
- **One Monthly Payment**- All inclusive OP-EX project payment..
- **How simple** — An application is the only requirement for up to \$1,000,000.
- **Who qualifies** — From early stage to Fortune 500.
- **Broad range of equipment** – All major technology providers giving customers maximum flexibility on
  - Hardware
  - Software
  - Services

## Total Solution Financing

This is the right time to invest in new hardware, software and services. TFC covers it all.

Unlike captive vendor financing, TFC offers financing across all manufacturers, software, training, etc. We specialize in creating flexibility to change equipment across a variety of vendors.

## Payment solutions to meet your needs

**Structure:** regular monthly, quarterly or semi-annual payments.

**Defer:** no payments for up to six months.

**Ramp:** payments start low to match deployment and migration projects.

**Customize:** align solutions with budget, cash flow and deployment.
